

What a bitch so many days I waited
fuck my life she told me first to look after
the fucking sick granny took me to her room she lay on
a bed with wet blankets from her piss that escaped
from the days-old dirty diapers she cried
all day cried over and over she could do nothing herself
I feed her in her mouth, the food slips off
through the spaces between her teeth I almost puke
fuck my life motherfucker how could she do this to me I'm not
able to look after this woman I can't
I puke three times I fall in the street I get back and
she's always full of flies that hatch from her shit,
I wash her hair and caress her hands.
